About Us

There's a special welcome for golf societies at Trent Lock. You can relax and enjoy the great golf, assured in the knowledge that the clubs facilities are second to none.

The complete golf day experience awaits society members. Enjoy the opportunity to share the good things in life with fellow golfers. Member's of our golf team are more than happy to help plan your away day right down to the last detail leaving you free to relax, enjoy the hospitality and concentrate on your golf.

Trent Lock nestles between the picturesque locks of the River Trent and within easy reach of the major motorway networks, train station and Nottingham East Midlands airport.

A proprietary owned golf complex, Trent Lock provides a relaxed and inviting atmosphere for golfers and non-golfers alike. The clubhouse is the focal point of the complex and was built in 1992 to encompass panoramic views of the golf course and rolling countryside towards the River Trent itself.

Without being imposing, the sumptuous surroundings are manicured and maintained to a high standard, oozing charm and sophistication throughout.

Both the 9 hole course and the 18 hole Riverside course were designed with the needs of golfers of all abilities in mind. Each course represents a challenge, test of skill and offers a great deal of enjoyment.

The Riverside Course has been designed to embrace a number of water features in a tranquil setting adjacent to the River Trent.

Traditional features add to the attraction of the par 70 course which measures some 5986 yards in length. Each of the holes test the skill and nerve of players at all levels, providing a challenging yet satisfying round of golf with great views.

The great attention to detail that prevails within the golf complex also extends to innovation on the driving range through the introduction of the very latest technology. Power Tees are a new concept in golf which allows the range ball to be electronically transported to the golf mat ensuring your concentration remains focused on your swing. The floodlit covered 22 bay driving range is open all year round (excluding Christmas Day)

Our new short game area is of equally high quality with two greens, one of which is surrounded by bunkers and three hitting areas including true strike mats and a grass tee for approach shots. The short game area is perfect for practicing your pitching up to 100 yards and chipping, bunker play and putting around the green.

You also won't be disappointed by the choice in our 6000 sq ft Professional Shop. As one of the largest on course golf outlets in the UK, we offer a stunning range of golf equipment, clothing and accessories. Importantly we offer a state of the art custom fitting service for those of you that are considering purchasing new clubs, whether it be a set of irons or a new driver.

Locks Restaurant is an immensely popular haunt with a deserved reputation for fine food and exquisite surroundings. Overlooking a beautiful patio garden with an ornate water feature, its tasteful and elegant decor provides the ideal setting for a romantic dinner, family gathering, or special occasion.
