CUSTOMISE YOUR EVENT

Whilst we have considered the many aspects of conference services, we also recognise and understand that conference, seminars and corporate events vary. Each of our conference packages can be easily adapted to suit individual company requirements whilst recognising your business needs.

GOLF & CORPORATE EVENTS

In addition to our packages, we are able to organise golf and golf tuition with one of our fully qualified PGA golf Professionals. A visit to the driving range with automated tees can also be included and organised within in your day. Golf Club hire and electric buggies are also available with prior arrangement and can also be incorporated into your conference package.

EVENING DINING

In addition to our Conference Packages, we are able to offer Locks Restaurant for evening dining. Alternatively Locks Bar offers a more relaxed informal chalk-board menu, light snacks and all-day breakfast.

Mixing business with pleasure!
